

The above photo is Cage No. 78 John Robinson Big 10 Shows 1900's.

Former John Robinson Circus 9-arch cottage cage on the Ringling Bros. Show in 1900-01.
[Conover Collection]

For a change we now go to one of the twenty footers. This will be a challenge for you if you try to build this. Please note there are two small bay windows on this cage. There is no doubt this is a very, shall I say, attractive wagon and could add much color for your show. As stated before with the help of the late circus historian Richard Conover and side view drawings from the late CMB member Charles Lockier I have added the front and rear drawing of the wagon.
